Education

BS of Science

Rochester Institute of Technology
Rochester, NY

Professional Development

American Greetings | Westlake, OH

Software Engineer I

May 2022 – Apr 2025

- Migrated a major card creation application from PureMVC to VueJS, working closely with a team of three engineers to ensure a smooth transition.
- Wrote unit, component, and end-to-end tests to guarantee high-quality, stable releases.
- Collaborated daily with business stakeholders, UI/UX teams, and overseas developers to deliver a polished, user-friendly application.
- Led a bi-weekly technical book club to promote best practices in frontend development and personal growth.

Associate Software Engineer Feb 2019 – May 2022

- Worked closely with artists to convert assets into optimized spritesheets and communicating improvements and concerns to ensure high-quality visuals.
- Contributed reusable components and utilities to internal libraries, boosting project efficiency.
- Fostered a culture of continuous learning by facilitating a bi-weekly book club that focused on good coding practices.

Rochester Regional Health | Rochester, NY

Front-end Developer

June 2018 – Aug 2018

- Built responsive, accessible web applications for internal departments using Angular, React, Redux, and HTML/CSS.
- Participated in daily standups, sprint planning, and sprint retrospectives to deliver multiple projects on aggressive timelines.
